# Addendum Purpose and Changes

---

## Purpose

---

This addendum documents and corrects identified errors in the 2022-2023 catalog. The revised information supersedes the previous publication and should be referenced to ensure correct courses and/or credit amounts are taken in pursuit of the degrees and certificates included.

## Changes

---

The following information details all of the changes included in this document.

### AA Associate in Arts & Sciences AA/DTA

Reason for update: inactive courses listed.

The following inactive courses were removed:

- PE 132
- PE 133
- PE 149
- PE 150
- PE 181
- PE 201

### Computer Science Associate in Arts & Sciences (AA/DTA/MRP)

Reason for update: incorrect heading language.

The following headings were updated:

- Humanities \*2. New language: Select from at least two different subject areas, with no more than 10 credits per subject area; only 5 credits of world language (Group C on the AA/DTA list) will apply. Courses must be selected from the distribution list for the AA/DTA degree.
- Social & Behavioral Sciences \*3. New Language: No more than 10 credits per discipline area. Course selections must meet the distribution requirements for the AA degree.

### Nursing Bachelor of Science (BSN)

Reason for update: missing courses and incorrect credit ranges listed.

The following courses were added under LPN to BSN (Pathway 3) Major Support:

- MATH& 146
- NUTR& 101

The following courses were updated to reflect a range of credits from 5-6:

- BIOL& 241
- BIOL& 242
- BIOL& 260

### Project Management Associate in Applied Science (AAS)

Reason for update: course number error resulting in missing course information.

The following course was updated to display course information correctly:

- BUS& 201

**Total Credits Required      90**

## Graduation Requirements:

- Required minimum 90 credits.
- Required minimum cumulative college-level GPA of 2.0.
- Minimum grade per course 1.0.
- At least one-third of the college-level, degree applicable credits must be taken at CBC.
- Depending on your major, some course choices may be more appropriate than others. Consult with your counselor, completion coach or faculty advisor.
- Maximum three credits of PE may be applied.
- A student may not use equivalent cross-listed courses for the same graduation requirement. Refer to the Cross-Listed Courses section of the catalog for more information, and consult with your counselor, completion coach, or faculty advisor.
- Refer to Catalog Option Policy for information about using previous degree requirements.
- For individual college requirements, see Provisions on our Transfer Opportunities webpage.

## Direct Transfer Agreement (DTA) Information:

For transferring students, 75 of the 90 credits must be fully transferable as defined by the Intercollege Relations Commission (ICRC) guidelines for the Direct Transfer Agreement (DTA) to be honored by four-year institutions in Washington. A maximum of 15 elective credits may be professional/technical courses numbered 100 or above. The DTA will fulfill college and university general education requirements only. It may not meet unique institutional requirements, and does not modify admissions criteria for baccalaureate institutions. Upon entry to a baccalaureate institution, a DTA will generally provide a student with at least 90 quarter (60 semester) credits.

## Disclaimer:

During the period this guide is in circulation, there may be curriculum revisions and program changes. Students are responsible for consulting the appropriate academic unit, completion coach or advisor for current and specific information. The information in this guide is subject to change and does not constitute an agreement between the College and the student.

# Degree & Certificate Requirements

## Computer Science Associate in Arts & Sciences (AA/DTA/MRP) Direct Transfer Agreement/Major Related Program 2022-2023 Degree Requirements

Some colleges/universities have requirements for admissions to the Computer Science major that go beyond those specified below. Students can possibly meet these requirements by careful selection of distribution and additional elective courses. Students should work with a counselor, completion coach or academic advisor and the catalog of the four-year institution to which they plan to transfer for further guidance specific to their goals. Early in the program, students should check with their intended transfer university/college advisor for specific admissions and Computer Science program requirements for course choices where options are listed for Humanities, Mathematical & Natural Science, Social & Behavioral Science and electives. A cumulative college-level GPA of 2.0 is required. Some transfer institutions require a higher overall GPA, a higher GPA in a subset of courses, or a specific minimum grade in one or more courses. Check with your planned transfer institution for these requirements.
